This [Resume Template](#) provides an example of how to use a table format to present your resume with major section headings on the left hand side. Modify the section headings and content as needed. To add a tab when you are working in a table, you can press Ctrl+tab. To show/hide the table gridlines while you are working, go to: Table > Hide/Show Gridlines. Modify the Normal style to change the font for the entire page and modify Heading 1 to change the section heading style. This template is copyrighted by Vertex42.com (see [terms of use](#)). Visit [vertex42.com](#) for more information and [resume tips](#).
